Statement of General Policy on Health, Safety and Welfare

Bottisham Primary School believes that health and safety is paramount in all areas of its activities. Bottisham Primary School is committed to providing its pupils and employees with safe places of learning and work that do not impact negatively on their health and well-being. It is also committed to conducting its undertakings in such a way as to not adversely affect the health and safety of its customers, partners, contractors, visitors or any persons that could be impacted by its activities.

We shall ensure, so far as is reasonably practicable, the health and safety and welfare of our staff, pupils and any visitors to our premises, and will incorporate the Health and Safety Policies and Statutory Regulations, in particular the Health and Safety at Work Act and the Management of Health and Safety at Work Regulations.

Bottisham Primary School aims to achieve this commitment by adopting the following principles:

- Putting policies, arrangements and procedures in place to promote effective health and safety management;
- Taking a risk-based approach to academy activities to identify sensible, realistic and effective control measures which facilitate the safe delivery of its aims and objectives;
- Providing resources, including time, finance and competent advice, to facilitate the delivery of the academy's health and safety aims and objectives;
- Involving employees from all levels of the organisation in the delivery of health and safety aims and objectives;
- Providing information, instruction, training and supervision so that all personnel are aware of their health and safety responsibilities and the hazards and risks posed by their work and working environment;
- Setting targets and objectives to encourage continuous organisational health and safety improvement;
- Regularly reviewing and auditing performance to maintain desired standards, to identify any potential areas of weakness and to promote continuous health and safety improvement throughout the organisation.

Responsibility for the day-to day implementation and monitoring of this Health and Safety Policy rests with the Headteacher who will work in collaboration with staff and the recognised appointed safety representative to ensure compliance.

Employees have a duty to protect themselves and others by working safely, co-operating with Anglian Learning, observing all relevant information and instructions and reporting any health and safety matters to their line managers.

Organisation and Responsibilities for Health, Safety and Welfare

In order to ensure that health and safety issues are dealt with in accordance with our establishments' safety policy, the Trustees have approved the following organisational structure. Duties and responsibilities have been assigned to Staff as laid out below.

1. Headteacher

Overall responsibility for the day-to-day management of Health and Safety rests with the Headteacher. As manager of the establishment and of all the activities carried on within it, the Headteacher will advise the Director of Operations of any areas of health and safety concerns that may need to be addressed by the allocation of funds.

Matters requiring particular consideration by the Headteacher will include:

- 1.1. Ensuring that there is an adequate system in place for the undertaking of risk assessment in compliance with the requirements of the Management Regulations 1999,
- 1.2. Adequate staffing levels for safe supervision;
- 1.3. The delegated responsibility for maintenance of the premises;
- 1.4. The purchase of equipment to meet appropriate safety standards;
- 1.5. The provision of appropriate protective clothing where necessary;
- 1.6. The purchase and maintenance of first aid materials and firefighting appliances;
- 1.7. The funding of necessary safety training for staff;
- 1.8. The arrangements for securing health and safety assistance from a competent source;
- 1.9. The provision of appropriate health and safety information to Director of Operations;
- 1.10. Ensuring that there is a management system for monitoring the effectiveness of health and safety arrangements, which form part of this policy.
- 1.11. Contribution to the Trust Asset Management Plan to ensure appropriate planning and resourcing of health and safety matters requiring attention
- 1.12. Ensuring the management and monitoring of the Critical Incident and Business Continuity Plan
- 1.13. All staff have read and acknowledged the Health & Safety Policy.

The Headteacher may choose to delegate to other members of staff any or all of the duties associated with the above matters. It is understood by everyone concerned that the delegation of certain duties will not relieve the Headteacher from the overall day-to-day responsibilities for health and safety within the establishment.

The Deputy Headteacher or a member of senior leadership team is responsible for these matters if the Headteacher is not on site.

2. Premises and Estates Manager

The Headteacher may delegate to the Premises and Estates Manager, a number of duties that are linked with the overall responsibilities of the Headteacher. More specifically the post holder will:

 - 2.5 Co-ordinate the statutory inspections and testing as required, ensuring all areas of the establishment and all activities are covered;
 - 2.6 Liaise with and monitor as far as is reasonably practicable, the activities of contractors (including catering, cleaning and grounds staff) visitors and others on the site to ensure that any risks to the health and safety of staff and others are kept to a minimum;
 - 2.7 Periodically review this policy document, amend as necessary and circulate any changes to appropriate staff;
 - 2.8 Prepare Health & Safety premises report for the Headteacher in preparation of the Director of Operations meetings. Undertake termly H&S site audits with the Headteacher, reporting back to the Director of Operations.
 - 2.9 Ensure that the correct procedure is followed for the reporting, recording, investigation and follow-up of accidents on the premises;
 - 2.10 Advise the Director of Operations as part of the premises report of any defect in the state of repair of the building or its surrounds which is identified as being unsafe, record in the local asset management plan and take whatever local action is necessary to minimise the risk until repairs can be arranged;
 - 2.11 Report to the Headteacher any situation which is unsafe or hazardous to health and which cannot be remedied from within the resources available;
 - 2.12 Ensure that all staff are kept informed of the names and details of those persons appointed to provide competent health and safety assistance;

3. Educational Visits Coordinator

The Headteacher will delegate to the Educational Visits Coordinator the duties as set out in the *Educational Visits Policy*. More specifically the post holder will:

- 3.1 Oversee all arrangements for educational visits and academy journeys. Advise and promote on training for educational visits. Develop and monitor risk assessments for educational visits.

4. Middle Leader/Teacher responsibility

All Middle Leaders are responsible to the Headteacher for ensuring the application of this policy to all activities undertaken by their department. They will also have responsibilities for ensuring that all relevant parts of the academy's policy statement are observed and implemented by all subordinate members of staff in their respective departments. In particular, staff holding such positions of responsibility will:

- 4.1 Ensure that risks assessments are undertaken within their sections and that control measures are implemented, and that assessments are monitored and reviewed;
- 4.2 Ensure that appropriate safe working rules and procedures exist within the department and that these are brought to the attention of everyone concerned;
- 4.3 Ensure that all accidents (including near misses) occurring within their department are promptly reported and recorded using the appropriate forms etc.;
- 4.4 Ensure that all accidents are investigated with a view to preventing a recurrence;
- 4.5 Ensure that all staff within the department are aware of their specific roles in case of fire and / or emergency;

- 4.6 Remove from use and inform the Site lead of any equipment / appliance which has been identified as being unsafe and which is in need of repair;
- 4.7 Ensure that adequate levels of class supervision are available at all times;
- 4.8 Carry out (in conjunction with other members of staff) the bi-annual health and safety checklist within their areas of responsibility and provide a report to the Primary and Estates Manager
- 4.9 Maintain or have access to an up to date library of relevant published health and safety guidance from sources including the Children and Young People Learning Directorate, CLEAPSS, DfES, AfPE etc., and ensure that all subordinate staff are aware of and make use of such guidance including that available in electronic format;

7. Pupils

All pupils must be encouraged to follow all safe working practices and observe all Academy safety rules. All pupils will:

- a. Follow all instructions issued by any member of staff in the case of an emergency
- b. Ensure that they do not intentionally or recklessly interfere with equipment provided for safety purposes e.g. fire extinguishers etc.
- c. Inform any member of staff of any situation, which may affect their safety;
- d. Movement of students through corridors between lessons is carefully monitored by staff.

8. Staff Safety Representatives

Health and Safety at work law makes provision for the appointment of trade union appointed safety representatives from amongst the employees. Where a representative is appointed, the safety representative shall have the following functions:

- 8.1 To investigate potential hazards and to examine the causes of accidents in the workplace
- 8.2 To investigate complaints by any employee he represents relating to that employee's health and safety or welfare at work;
- 8.3 To make representations to the Headteacher via the Premises and Estates Manager on general matters affecting the health, safety and welfare of employees
- 8.4 To carry out workplace health, safety and welfare inspections and keep up to logs
- 8.5 To attend any safety committee meetings;
- 8.6 To co-operate with his employers in promoting health and safety at work.

None of the above functions given to a safety representative impose any legal duty or

liability whatsoever on that person. A safety representative is in no way obliged to carry out any or all of the above functions.

N.B All high risk subjects should be represented

Health and Safety reporting

Health & Safety overview in the primary sector will be reported by the Headteacher to the Director of Operations termly. The Premises and Estates Manager Primary Hub will support the Headteacher with an up-to-date report in order to develop and implement measures to ensure the health and safety of all employees, pupils and others that may be affected by the academy's activities. See appendix 5

9. External Competent Assistance

The competent assistance and advice is provided by:

Cambridgeshire County Council Health, Safety and Wellbeing Team

The Management of Health and Safety at Work Regulations 1999, regulation 7, requires that every employer must appoint one or more competent persons to assist them with the implementation and provision of health and safety measures.

The Health and Safety Consultants indicated above has been contracted to ensure that Anglian Learning is provided with the necessary information, advice and assistance to comply with current Health and Safety Legislation.

Arrangements and Procedures for Health, Safety and Welfare

The following procedures and arrangements have been established within our academy to eliminate or reduce health and safety risks to an acceptable level and to comply with minimum legal requirements:

1. Accident Reporting, Recording and Investigation

The reporting procedure will be in accordance with the policy as laid down in the Staff Handbook. This procedure must be brought to the attention of all staff.

Employees must report all accidents, incidents, near misses, dangerous occurrences, violence incidents, verbal abuse and near misses in accordance with the County Accident Reporting Procedure. Incidents must be logged on the Every Incident Reporting Module. This is shown in full as Appendix 1.

- 1.1. All accidents, dangerous occurrences, and near misses must be reported to the Local Authority [portal](https://www.reportincident.co.uk/Cambridgeshire/1) <https://www.reportincident.co.uk/Cambridgeshire/1>. Violent incidents and verbal abuse must be reported on the standard County Council Incident Report Form;
- 1.2. "Near Misses" must also be recorded on the Every system. These are incidents that occur but where no injury or damage is sustained but could, potentially, have been serious incidents. Remedial action taken promptly after a near miss can prevent a serious accident occurring later, outcomes should be clearly recorded;
- 1.3. The person responsible for First Aid reporting must ensure that they have seen each Incident Form before they are sent to CCC. A copy should be kept at the establishment and either centrally filed or held on the personal file of a staff member or pupil / child. NB Faulty systems of work, plant, equipment, fittings etc., must be reported on Every and attended to as soon as possible;
- 1.4. The person responsible for First Aid must investigate accidents and take remedial steps to avoid similar instances recurring. Faulty equipment etc. must be taken out of use when necessary and will be clearly labelled to that effect;
- 1.5. All deaths and major injuries must be reported immediately to the Health and Safety Team by telephone on 01223 699123;
- 1.6. The INCIDENT FORM must be completed online and sent to the Health and Safety Team for absences through accident for periods of 7 days or more (including W/E's and holidays) ,when a non-employee attends hospital following an accident whilst at work or when a pupil or member of staff has suffered an specified injury such as fractures, broken bones, serious burns. Please refer to the INCIDENT FORM guidance for full details of reportable incidents..

2. Asbestos

The Site Manager will be responsible for Asbestos, location of asbestos survey, updating of the Frontline Asbestos Portal, arrangements to ensure contractors and others such as site supervisors etc. have sight of asbestos report prior to starting any work on the premises, instruction to staff not to drill or affix anything to walls without first obtaining approval from premises manager / checking manual, how staff should report damage to asbestos materials. A copy of the current Asbestos report is to be kept with the contractors signing in book.

- 2.1. Any asbestos that is likely to be disturbed or removed is to be done using approved Licensed Contractors in accordance with the Asbestos at Work Regulations;
- 2.2. The Site Manager will also be responsible for setting out safe systems of maintaining the fabric of the buildings and making the Director of Operations aware of any specific problems, through the Headteacher.

3. Building Services

To ensure some systems of work (such as working at height or working in confined spaces) are carried out safely, systems of work will be prepared by the person undertaking the activity detailing how the work should be carried out. These will be used with the relevant risk assessment to ensure all potential hazards are identified, and details made available on how to conduct the work as safely as possible. For other work activities, lesson plans and/or procedures should be prepared.

The Site Manager shall be responsible for making arrangements of the induction of contractors to exchange Health and Safety information and agree safe working arrangements, safeguarding procedures, risk assessments, signing in on 5Cs system. Contractors working on the academy premises are required to identify and control risks arising from their activities and to share this information with the academy in advance of work starting. Contractors will inform the Site officer of all potential risks to staff, pupils and visitors. Contractors will be required to provide in advance the documentation and evidence as listed in the Contractors' Handbook.

4. Curriculum Safety

Requirements for teaching staff to undertake suitable (written) risk assessments prior to commencing hazardous activities, ensure that health and safety is written into the lesson scheme of work, specification of staff qualification requirements to teach certain activities, refer to any health and safety publications adopted by the academy which staff must be familiar with e.g. "Safety in PE"].

5. Drugs and Medications

Please refer to the relevant Trust and academy policies.

6. Electrical Equipment

Fixed Electrical Inspection takes place every five years or over a rolling programme of 20% per year

The procedure to be adopted is as a means of satisfying the Electricity at Work Regulations and the IET Code of practice

Portable Equipment – will be tested as per Risk Assessment. Failed equipment must be taken out of operation.

Electrical equipment should not be brought in from home without prior consent. Any items agreed must be PAT tested

Electrical items such as toasters and fan heaters are not permitted on site

7. Extended/After School Club / Adult Learning

Please refer to any relevant policies.

8. Fire Precautions and Procedures

The Site Manager is responsible for undertaking and reviewing fire risk assessment, frequency and arrangement of drills, procedures to be followed, staff with special responsibilities e.g. fire marshal etc., assembly points, maintenance of fire exits / escape routes, maintenance of fire extinguishers, staff training, calling the fire service, testing the fire alarm, emergency lighting etc.

Location of emergency procedure documents

Written emergency procedures exist covering a range of hazardous situations e.g. fire, bomb alerts, severe weather, electrical faults etc. These documents are located with:

- Head Teacher
- Site Manager

9. First Aid

Please refer to *Managing Medical needs and First Aid Policy*.

The Headteacher should ensure that First Aiders have a current certificate and that new persons are trained should first aiders leave

Incidents are logged and reported as per incident reporting flow chart.

10. Forest School

Forest School Leader will therefore be responsible for conducting appropriate site and activity risk assessments prior to each session. A five step approach is adopted whereby the following steps are taken:

- Identify hazards and risks.
- Decide who may be harmed and how.
- Evaluate the risks and decide if existing controls are adequate or whether more should be done.
- Record findings, including daily amendments to standing risk assessments based on site visits and observations.
- Review assessments on a regular basis.

Participants, including staff and volunteers, will be informed of potential hazards and methods of working in order to minimise their risk further. When possible all participants will be involved in the risk assessment process as part of their learning.

11. Glass and Glazing

All glass in doors, side panels to be safety glass, all replacement glass to be of safety standard as per Regulation 14.

12. Hazardous Substances

The Trust recognise the need for the academy to carry out risk assessment of all areas in accordance with the regulations.

It is a requirement under the Management of Health and Safety at Work Regulations to carry out risk assessments with other chemicals and all operations involving mechanical and electrical hazards. Heads of Departments (or appointed "assessor(s)") will be required to make provision for this in their departmental safety policy.

Working in conjunction with the academy chemical register and the COSHH package, Heads of Department will ensure assessments have been carried out and that further monitoring is in place as required.

Review of practice and procedure must take place periodically in the department.

The Academy recognise there will be occasions to refer to outside specialists for air monitoring and the checks of ventilation systems already installed for the removal of dusts, vapours, gases, etc., (e.g. fume cupboards, woodwork. extraction, heat treatment, soldering, etc.).

Provision will be made to ensure this takes place every 14 months. A register of all such tests will be logged on the Every system by the Premises and Estates Manager.

14. Housekeeping, Cleaning and Waste Disposal

- 1.1. Cleaning staff are responsible for day-to-day cleaning as per specification for each area. Specialist areas to be deep cleaned at regular intervals as specified;
- 1.2. Staff should make regular checks of their departments maintaining tidy work areas, adequate storage and cleaning arrangements which conform to requirements.

15. Handling and Lifting

Comply with 'The Manual Handling Operations Regulations 1992, amended in 2002 ('the Regulations').

Consider the risks from manual handling to the health and safety of your employees. Risk assessments and training to be in place for all handling and lifting.

16. Jewellery

Please refer to *Uniform Policy*.

17. Legionella / Water Hygiene

- a. Ensure the academy meets the requirements of Legionella Management in line with current HSE L8 guidance;
- b. To carry out and manage Legionella Risk Assessments and monitoring using competent external contractors to manage water hygiene monitoring including bi annual Legionella risk assessment;
- c. Ensure records are kept and remedial work and examinations have been effective. Records must be uploaded to the Every system

18. Lettings/Shared use of Premises

As per *Lettings Policy*, Terms and Conditions.

19. Lone Working

- d. Duty holders to decide what they need to do to comply with their legal duties towards lone workers under the Health and Safety at Work etc. Act 1974 and the Management of Health and Safety at Work Regulations 1999.
- e. Involve staff or their representatives when undertaking the required risk assessment process;
- f. Take steps to check control measures are in place (examples of control measures include instruction, training, supervision and issuing protective equipment);
- g. Review risk assessments annually or, as few workplaces stay the same, when there has been a significant change in working practice. When a risk assessment shows it is not possible for the work to be conducted safely by a lone worker, address that risk by, for example, making arrangements to provide help or back-up; and where a lone worker is working at another employer's workplace, that employer should inform the lone worker's employer of any risks and the required control measures.

20. Maintenance / Inspection of Equipment

Details and records of all Inspections and Testing are recorded on the Every system by the Site Manager. All inspections and testing to take place within statutory guidelines.

21. Medication Policy

Please refer to *Managing Medical Needs and First Aid Policy*.

22. Monitoring and Evidencing the Policy

The Local Governing Board will require, once a year, in the Headteacher's report, a commitment by the Headteacher that departmental self-inspections have been carried out and evidenced the monitoring to substantiate this has been undertaken by suitably qualified and experienced persons.

The Local Governing Board, with the Headteacher, will identify from the report strengths and weaknesses in the conduct of departmental inspections, in order to remedy situations and to plan successfully, future objectives regarding health and safety matters. Termly Health & Safety audits will be undertaken by the Headteacher and Premises & Operations Manager

23. New and Expectant Mothers

Under the Management of Health and Safety at Work Act there is a duty to consider risks to new and expectant mothers.

Provide a risk assessment taking into account specific risks relating to their working environment. Ensure employees are aware they are required to inform HR of their condition before a workplace assessment can take place.

24. Personal Protective Equipment

PPE to be provided free of charge where risk assessment determines to be necessary.

25. Plant and Machinery

25.1 The Local Governing Board recognise that initially it may be required to seek specialist advice in determining the safety requirements for:

- Adequate and correct guarding of machinery
- General inspection of plant, equipment and machinery
- Storage and transportation of toxic substances, gases, etc.
- Disposal of toxic and other waste substances and materials.

25.2 Staff will be responsible for carrying out periodical checks within- his/her department, using the text, checklists and information as provided in the Health and Safety Manual. It is also recognised that certain items of machinery / equipment require be checking and certificating.

25.3 Staff will be responsible for defining safe systems of work for cleaning and maintaining plant machinery / equipment. They will also be required to select and provide suitable protective clothing/equipment and of the correct type.

26. Reporting Defects

Defects should be reported through the Every System, the Site Manager will arrange any remedial works.

27. Risk Assessments and Guidance Notes

Specific risk assessments are required for activities involving fire, manual handling and substances while more general risk assessments must be completed for those activities where specific assessments have not been carried out.

Risk assessments relating to general site activities of the school will have been or will be completed on your behalf, all staff have a responsibility to make themselves familiar with both the general and the specific risk assessments relating to your area of work. Curriculum risk assessments are the responsibility of the teacher in charge. Copies of these assessments are held by the relevant departments. Appropriate risk assessment training will be provided to key members of staff who undertake completing risk assessment

The following staff will complete risk assessments for the areas highlighted below:

Premises	Site Manager/Site Team
Curriculum	Teaching staff/Support staff where appropriate eg Teaching Assistant for a pupil
Off-site Visits	Visit Leader
Individual/specific	Line Manager

Areas of work or activities that are deemed to be more hazardous will have detailed, documented arrangements to minimise the associated risks. It is the responsibility of staff to make yourself aware of the contents of those relating to your area of work.

Various Codes of Safe Working Practice and guidance issued by the Department for Education are available either in school or by accessing on the Web. All new and existing staff should be aware of the contents relevant to them. Risk assessment proformas are available for staff to access on the intranet and staff drives.

The School has published guidance on Off-site Activities and Educational Visits which details clear procedures to be followed when planning and arranging a visit.

28. Signage

Ensure that all statutory notices, placards, regulations and safety signs are displayed as appropriate to their workplace. This will include arrangements for facilities such as first aid equipment, protective clothing / equipment, registers, logbooks etc.

29. Educational visits / Off-Site Activities

Procedures for field trips and extra-curricular activities are as outlined in the Educational Visits Policy. Where applicable, reference should also be made to the "Educational Visits and Journeys Manual". Activities which fall outside the scope of this document will be organised in-house with written instructions and arrangements conveyed to all interested parties.

30. Smoking

The entire site of each academy is a No Smoking Area

31. Staff Consultation

The Headteacher will be responsible for ensuring that any regulations, information, guidance notes, etc. received are passed immediately to staff who have a direct interest.

As this will normally relate to a department's activities, the information will have to be passed on or highlighted in that department's safety policy or safe working arrangements.

32. Staff Health and Safety Training and Development

This will apply to all new employees and to existing employees where there is a change in their Job Description. They will need to be shown over the department, made aware of policies and procedures, fire precautions, first aid and welfare arrangements. This will form part of employee induction.

Training for will be undertaken by staff who are required to undertake risk assessments as part of their responsibilities.

33. Staff Well-being / Stress

Please refer to Well Being Charter

34. Swimming Pools Operating Procedures (Delete this section if no pool on site)

Normal Operating procedure and Emergency Action Plan, Pool Specific Operating Plan must be kept up to date. Risk Assessments must be completed and reviewed annually and following incident.

35. Use of VDU's / Display Screens

To comply with The Health and Safety (Display Screen Equipment) Regulations 1992, staff to minimise risk and analyse workstations should complete a Display Screen Equipment risk assessment. A DSE user is identified as someone who uses a computer for a significant period of time i.e. 1 hour a day.

36. Vehicles on Site

Vehicles are only permitted on site for deliveries or in the identified parking areas.

37. Violence to Staff / Academy Security

37.2 All visitors and contractors are to report and sign in on arrival;

37.2 All staff are required to wear academy identity badges on site

37.3 As part of staff induction, they are required to undertake child protection training and how to deal with intervention of physical violence.

38. Working at Height

38.1 Staff needing to work at height are required to undertake appropriate recognised qualifications (ladders, PASM. High Access, Working at Height);

38.2 Ladders to be checked and recorded on a monthly basis by the Site Manager. Ladders not in use, are to be secured as current regulations state;

38.3 Risk assessments to be completed. Pupils are not allowed to use ladders on site under any circumstances

38.4 Contractors are required to provide their own ladders unless arranged in advance with the Site Manager and sufficient evidence of competency has been provided.

39. Violence and aggression behaviour

Please refer to Prevention and Management of Abuse towards staff policy.

Appendix 1 Guidance from County Council for reporting incidents

Injuries and ill health to people at work

All RIDDOR reportable incidents must be reported to the CCC online reporting system in the first instance. The CCC H&S team will report any RIDDOR on the school's behalf after completing an initial investigation. [Incident \(reportincident.co.uk\)](http://reportincident.co.uk) **Any incident must be reported on the system as soon as possible but within seven days of the incident, with as much detail as can be provided.**

Under RIDDOR, the appointed person must report the following work-related accidents, including those caused by physical violence, if an employee is injured, wherever they are working:

- Accidents which result in death or a specified injury must be reported without delay; e.g. fractures, broken bones, injury causing loss of sight.
- Accidents which prevent the injured person from continuing their normal work for more than seven days (not counting the day of the accident, but including weekends and other rest days).

For further information, please see the following link
<http://www.hse.gov.uk/riddor/reportable-incidents.htm>

Physical violence to members of staff

Some acts of non-consensual physical violence to a person at work, which result in death, a specified injury or a person being incapacitated for over seven days, are reportable. In the case of an over-seven-day injury, the incapacity must arise from a physical injury, not a psychological reaction to the act of violence.

Incidents to pupils and other people who are not at work

Injuries to pupils and visitors who are involved in an accident at academy or on an activity organised by the academy are only reportable under RIDDOR if the accident results in:

- The death of the person, and arose out of or in connection with a work activity;
- An injury that arose out of or in connection with a work activity and the person is taken directly from the scene of the accident to hospital for treatment (examinations and diagnostic tests do not constitute treatment).

Violence between pupils is an academy discipline matter and not reportable under RIDDOR, as it does not arise out of or in connection with a work activity.

What about accidents to pupils in a playground?

Most playground accidents due to collisions, slips, trips and falls are not normally reportable. Incidents are only reportable where the injury results in a pupil fatality or taken directly to a hospital for treatment. Either is only reportable if they were caused by an accident that happened from or in connection with a work activity.

This includes incidents arising because:

- The condition of the premises or equipment was poor, e.g. badly maintained play equipment;
- The academy had not provided adequate supervision, e.g. where particular risks were identified, but no action was taken to provide suitable supervision.

How do you decide whether an accident to a pupil ‘arises out of or is in connection with work’?

The responsible person at the academy should consider whether the incident was caused by:

- A failure in the way a work activity was organised (e.g. inadequate supervision of a field trip)
- The way equipment or substances were used (e.g. lifts, machinery, experiments etc.)
- The condition of the premises (e.g. poorly maintained or slippery floors).

For example, if a pupil is taken to hospital after breaking an arm during an ICT class, following a fall over a trailing cable, the incident would be reportable. If a pupil is taken to hospital because of a medical condition

(E.g. an asthma attack or epileptic seizure) this would not be reportable, as it did not result from the work activity. This means that many of the common incidents that cause injuries to pupils at academy tend not to be reportable under RIDDOR, as they do not arise directly from the way the academy undertakes a work activity.
